Dear Senator McCain,

**I am writing** on the 63<sup>rd</sup> Anniversary of the United States bombings of Hiroshima and Nagasaki to call on you to play a leadership role in making the world safer by eliminating the threat of nuclear weapons. As practical steps, I support a new U.S. nuclear policy that:

- **Prevents** the spread of nuclear weapons,
- **Ends** the pursuit of new warheads,
- **Halts** continued weapons production, and
- **Calls** for engagement with other nations to ensure that all existing stockpiles are verifiably dismantled.

In accordance with Article VI of the nuclear Non-Proliferation Treaty, **the United States must commit to achieving a world free of nuclear weapons.**

Sincerely,
