

# Nuclear Weapons or Families?

*What do we cherish?*

*What should we fund?*

## TAKE ACTION

Tell Congress to fund programs that meet the needs of children and protect the environment. Tell them not to fund increases for overpaid military contractors and polluting nuclear weapons projects.

Specifically, tell Congress not to spend \$185 billion or more in the coming decade for new nuclear bomb plants and weapons "modernization." Instead, ask Congress to fund programs to clean up leaking toxic and radioactive wastes at Livermore Lab, and at other nuclear weapons facilities across the country. (*See other side for details.*)

**1. Contact Congress:** Senator Dianne Feinstein, 331 Hart Building, Washington, DC 20510. Senator Barbara Boxer, 112 Hart Building, Washington, DC 20510. Call both Senators or your Representative at (202) 224-3121.

**2. Join us.** Our next meeting will be June 16 at 7:30 PM, Livermore main library community room A, 1188 So. Livermore Ave. Call (925) 443-7148 for details.

**3. Contribute.** Send your tax-deductible donation in any amount to Tri-Valley CAREs, 2582 Old First Street, Livermore, CA 94550. Or, use our secure portal at [www.trivalleycares.org](http://www.trivalleycares.org). *Thank you!*

## Tri-Valley CAREs

Tri-Valley Communities Against a Radioactive Environment's entry in this year's Rodeo Parade advocates less funding for nuclear weapons and more funding for civilian science programs and the cleanup of radioactive and toxic pollution at Livermore Lab.

Tri-Valley CAREs was founded 28 years ago by local Livermore residents. We have grown to more than 5,000 members and have participated in the Livermore Rodeo Parade nearly every year since 1983. Membership in Tri-Valley CAREs is open to all interested members of the community.

We host regular monthly meetings, and sponsor special events throughout the year. You can find us on the web at [www.trivalleycares.org](http://www.trivalleycares.org).
