**COUNTDOWN TO ZERO** is a stunning documentary about the escalating global nuclear arms crisis that recently premiered at Sundance Film Festival. It was produced by Academy Award winner Lawrence Bender (*An Inconvenient Truth*, *Inglourious Basterds*) and written and directed by Lucy Walker (*The Devil's Playground*, *Blind Sight*).

**COUNTDOWN TO ZERO** traces the history of the atomic bomb from its origins to the present state of global affairs: nine nations possess nuclear weapons capabilities with others racing to join them, with the world held in a delicate balance that could be shattered by an act of failed diplomacy, terrorism, or a simple accident. *Countdown to Zero* makes a compelling case for worldwide nuclear disarmament and creates an opportunity to bring this issue to kitchen tables in households around the country. Don't miss it, and bring your friends!
