

Nuclear Weapons Savings of the SANE Act

Item	One-Year Savings FY 2016 Budget Authority (millions of dollars)	10-Year Savings FY 2016-2025 Budget Authority (millions of dollars) ¹	Agency	Source for FY 2016
Delay first new submarine to 2025 and reduce to 8	-100 ²	20,900	DoD	CBO
Delay developing new bomber to 2025	1,250	34,200	DoD	CBO
Cancel nuclear mission for F-35	5	400	DoD	ACA/Kingston Reif
Reduce B61 Life Extension Program (LEP) by half	0	4,000	NNSA	DOE Budget Request FY2016
Cancel Long Range Standoff Weapon (LRSO)	232	3,000	DoD & NNSA	ACA/Kingston Reif
Delay development of new ICBM	75	15,000	DoD & NNSA	ACA/Kingston Reif
Cancel W78 Life Extension Program (LEP)	0	1,000	NNSA	DOE Budget Request FY2016
Cancel Mixed Oxide (MOX) Fuel Fabrication Facility	345	14,000	NNSA	DOE Budget Request FY2016
Cancel Uranium Processing Facility (UPF)	430	7,500	NNSA	DOE Budget Request FY2016
Total	2,337	100,000		

¹ Items and ten-year savings come from the Smarter Approach to Nuclear Expenditures (SANE) Act to be introduced by Sen. Ed Markey and Rep. Earl Blumenauer

² Delaying the submarines may disrupt plans to share costs with the British Navy, resulting in increased expenditures for one year (FY2016)
